JFLIPS sign-up form: report for legal review

Date: 12 October 2026 (revision 4)

Document	Version
Terms and Conditions	6.0-draft
Privacy notice (POPIA)	1.6-draft
Photo and video consent (POPIA)	1.3-draft

What this document is. It is the complete text of the JFLIPS registration form as a parent or adult sees it, written out of the live app so that it cannot differ from what people actually sign. It is followed by facts about how JFLIPS works, the questions we need you to answer, and a list of things we noticed but did not change. All three documents are drafts. JFLIPS is the registered company name.

How the form works. A parent fills in the details, reads the Terms and Conditions in a scroll box (the tick boxes stay locked until they have scrolled to the bottom), opens the privacy notice (also locked until it has been opened and read to the bottom), answers Yes or No for each photo and video use, and signs once at the bottom. That one signature covers all three documents. The privacy notice and the photo consent are saved as their own records. Once signed, a form cannot be changed from the family's link: a family that wants to change its photo choices contacts JFLIPS, JFLIPS reopens the photo form, and the family signs again. The earlier answers stay in the record's history. The signed PDF puts all three documents, the choices made and the one signature into a single file, with the version of each document in the footer.

Two versions of every text. A parent or guardian signs for a child under 18. An adult (18 or over) signs for themselves. Both are printed below.

Old records keep their old wording. Every signed record stores the version it was signed under. The app keeps the exact wording of earlier versions and prints that wording on the PDF of an old record. Kept: Terms 4.0-draft and 5.0-draft; privacy notice 1.0-draft to 1.5-draft; photo consent 1.0, 1.1-draft and 1.2-draft. See Suggestions for the exceptions.

PART 1: THE FORM (information the parent gives)

Age rule. If the date of birth gives an age under 2, the form is replaced with: "Our classes start from age 2. Please message us on WhatsApp 069 040 3387 and we will help you."

Student details: first name, last name, date of birth (DD/MM/YYYY), age (filled in automatically). (Adult: "Your Details".)

Primary parent / guardian (Adult: "Your Contact Details"): full name; relationship to the child (Mother / Father / Legal guardian / Other, please say) (not asked of adults); phone number; email address; tick box: "I am this child's parent or legal guardian, and I am allowed to make decisions about their activities and medical care." (not asked of adults)

Second parent / guardian (optional, not shown to adults): "Optional. We may phone them if we cannot reach you." Full name, phone number.

Emergency contact: "Someone we can phone if we cannot reach you." (Adult: "...if you are hurt or ill.") Full name, phone number, relationship to the child (adult: relationship to you).

Young athlete (age 2 to 4 only): "Children this young need an adult close by. This is how we keep your child safe." Tick: "A parent, guardian or other responsible adult will stay at the venue for the whole class." Adult at the venue (if not a parent) and their cell number. Who may collect your child (up to 3, name and number). "We will only hand your child over to these people. If someone else is collecting, please message us before the class." Anything the coaches should know.

Health:

- Parent: "We ask for this so the coaches can look after your child properly. The coaches of your child's class can see it." Question: "Anything we should know about your child's health"
- Adult: "We ask for this so the coaches can look after you properly. Your coaches can see it." Question: "Anything we should know about your health"
- Hint: "For example asthma, epilepsy, allergies, medication, or a recent or old injury such as a fracture. If there is nothing, write None."
- Note under the box: "The emergency treatment you agree to is in section 1 of the Terms and Conditions below."
- The answer is required. If there is nothing, the parent writes None.

PART 2: TERMS AND CONDITIONS

2A. Parent or guardian signing for a child under 18

Short line above the box: "Please read the Terms and Conditions."

Index (each line jumps to that section)

1. Health and emergency treatment
2. Risks
3. Responsibility
4. Coaches' decisions
5. Belongings
6. Keeping health information up to date
7. Enrolment terms

Declaration at the top

I, [parent name], am the parent or legal guardian of [child name]. I confirm that, as far as I know, my child is physically, medically and mentally fit to join JFLIPS and take part in tumbling. I have read the risks and the terms below.

1. Health and emergency treatment

We will always try to reach you first. If there is an emergency and we cannot reach you or your emergency contact in time, I allow JFLIPS or its coaches to give basic first aid and to arrange emergency medical help for my child. That can include calling an ambulance or taking my child to a doctor or hospital. I understand that coaches are not medical professionals, and I accept responsibility for the cost of the treatment.

JFLIPS gives basic first aid where possible and calls for help when it is needed. Classes take place at a school where staff with first aid training may be on site, but JFLIPS cannot promise that they will be available.

2. Risks

Tumbling and stunting are physical sports. Even with good coaching and safe equipment, things can go wrong. The main risks are:

- falls and awkward or uncontrolled landings
- flips, jumps, rolls and balancing skills going wrong
- bumping into other children, or into equipment and mats
- strains, sprains, broken bones and dislocated joints
- head, neck and back injuries, which can be serious and, in rare cases, permanent
- injuries while a coach is helping or spotting a skill
- uneven ground, heat, cold or wet surfaces, because some classes may be outdoors

Most injuries are minor, like bruises and scrapes. Serious injuries can still happen when the coaches and the children do everything right.

3. Responsibility

I accept these risks on my child's behalf. I agree that JFLIPS, its owner and its coaches will not be held responsible for any injury, loss or damage that happens in the normal course of classes, except where it is caused by their gross negligence or a deliberate act. I will make sure my child follows the coaches' instructions and the class rules.

4. Coaches' decisions

The coach decides which skills my child may attempt and may stop any activity they consider unsafe. My child will not attempt skills the coach has not approved. If my child will not follow safety instructions, the coach may stop them taking part for the rest of the class.

5. Belongings

I understand that JFLIPS, its owner and its coaches are not responsible for the loss, theft or damage of any belongings my child brings to classes.

6. Keeping health information up to date

I have given accurate health information on this form. I will tell JFLIPS as soon as I can if my child's health changes, or if they have a new injury or illness.

7. Enrolment terms

Classes and fees. You pay for the classes your child attends. We send an invoice every month, and you pay by EFT.

Unpaid accounts. If an invoice is still unpaid one month after we sent it, your child may not train until the account is paid or you have spoken to us and agreed what happens next.

Absences. You are only charged for classes your child attends.

Weather. Some classes may be outdoors. JFLIPS decides when the weather makes a class unsafe, and we will message parents on WhatsApp before the class. A class that JFLIPS cancels is not charged. We will offer a replacement class where we can.

Late collection. If your child has not been collected when the class ends, a coach will stay with your child, phone you and your emergency contact, and tell you where your child is. We will never leave a child alone.

Leaving. You can stop coming at any time. Please settle your account first.

Changes. We will give you 30 days' notice before fees change. We will tell you about changes to class times or venues as early as we can.

Removal. A coach can stop your child from taking part in a class at any time if it is not safe. JFLIPS can suspend your child from classes after a warning.

Injuries and incidents. We record every injury or incident, and we tell you on the same day.

Note for the lawyer on section 7: the owner wrote a first draft of the Enrolment terms and would like your help with the wording of the whole section.

Tick boxes (locked until the parent has scrolled to the bottom)

- I have read and understood the risks in section 2. *
- I have read and I agree to the Terms and Conditions, on my own behalf and on behalf of the enrolled student. *

2B. Adult signing for themselves (18 or over)

Short line above the box: "Please read the Terms and Conditions."

Index (each line jumps to that section)

1. Health and emergency treatment
2. Risks
3. Responsibility
4. Coaches' decisions
5. Belongings
6. Keeping health information up to date
7. Enrolment terms

Declaration at the top

I, [name], confirm that, as far as I know, I am physically, medically and mentally fit to join JFLIPS and take part in tumbling. I have read the risks and the terms below.

1. Health and emergency treatment

We will always try to reach you first. If there is an emergency and we cannot reach you or your emergency contact in time, I allow JFLIPS or its coaches to give basic first aid and to arrange emergency medical help for me. That can include calling an ambulance or taking me to a doctor or hospital. I understand that coaches are not medical professionals, and I accept responsibility for the cost of the treatment.

JFLIPS gives basic first aid where possible and calls for help when it is needed. Classes take place at a school where staff with first aid training may be on site, but JFLIPS cannot promise that they will be available.

2. Risks

Tumbling and stunting are physical sports. Even with good coaching and safe equipment, things can go wrong. The main risks are:

- falls and awkward or uncontrolled landings
- flips, jumps, rolls and balancing skills going wrong
- bumping into other participants, or into equipment and mats
- strains, sprains, broken bones and dislocated joints
- head, neck and back injuries, which can be serious and, in rare cases, permanent
- injuries while a coach is helping or spotting you
- uneven ground, heat, cold or wet surfaces, because some classes may be outdoors

Most injuries are minor, like bruises and scrapes. Serious injuries can still happen when the coaches and I do everything right.

3. Responsibility

I accept these risks. I agree that JFLIPS, its owner and its coaches will not be held responsible for any injury, loss or damage that happens in the normal course of classes, except where it is caused by their gross negligence or a deliberate act. I will follow the coaches' instructions and the class rules.

4. Coaches' decisions

The coach decides which skills I may attempt and may stop any activity they consider unsafe. I will not attempt skills the coach has not approved. If I will not follow safety instructions, the coach may stop me taking part for the rest of the class.

5. Belongings

I understand that JFLIPS, its owner and its coaches are not responsible for the loss, theft or damage of any belongings I bring to classes.

6. Keeping health information up to date

I have given accurate health information on this form. I will tell JFLIPS as soon as I can if my health changes, or if I have a new injury or illness.

7. Enrolment terms

Classes and fees. You pay for the classes you attend. We send an invoice every month, and you pay by EFT.

Unpaid accounts. If an invoice is still unpaid one month after we sent it, you may not train until the account is paid or you have spoken to us and agreed what happens next.

Absences. You are only charged for classes you attend.

Weather. Some classes may be outdoors. JFLIPS decides when the weather makes a class unsafe, and we will message you on WhatsApp before the class. A class that JFLIPS cancels is not charged. We will offer a replacement class where we can.

Leaving. You can stop coming at any time. Please settle your account first.

Changes. We will give you 30 days' notice before fees change. We will tell you about changes to class times or venues as early as we can.

Removal. A coach can stop you from taking part in a class at any time if it is not safe. JFLIPS can suspend you from classes after a warning.

Injuries and incidents. We record every injury or incident, and we tell you on the day.

Note for the lawyer on section 7: the owner wrote a first draft of the Enrolment terms and would like your help with the wording of the whole section.

Tick boxes (locked until the parent has scrolled to the bottom)

- I have read and understood the risks in section 2. *
- I have read and I agree to the Terms and Conditions. *

PART 3: PRIVACY NOTICE (POPIA)

Shown behind the line "Click here to read the privacy notice". The tick box stays locked until it has been opened and read to the bottom.

3A. Parent or guardian

Privacy notice and consent

In terms of the Protection of Personal Information Act (POPIA)

JFLIPS is the responsible party for your family's personal information. This notice tells you what we collect, why we collect it, who can see it, where it is kept and what your rights are. Please read it and confirm below.

Who is responsible for your information

- JFLIPS. Our Information Officer is Jeandre Blacquiere. You can reach us on WhatsApp 069 040 3387 or at jflipsinc@gmail.com.

What we collect

- About your child: name, date of birth and age, class or team, attendance, and any medical conditions, injuries or allergies you tell us about. For children aged 2 to 4: who will stay at the venue and who may collect them.
- About you: name, relationship to the child, cell number, email address and your signature. Also the name and number of your emergency contact.
- Billing: invoices, the amounts owed and whether they have been paid. Payments are made by EFT, so we do not hold card details.
- A record of what you agreed to: which version of each form you saw, and the date and time you signed.

Is giving us your information voluntary?

- Yes. But we cannot enrol your child without your details, an emergency contact and your child's health information, because we need them to keep your child safe. Photo and video consent is a separate choice and is always optional.

Why we collect it

- To register your child and run classes, teams and practices safely.
- To contact you about classes, schedules, emergencies and payments.
- To invoice you and record payments.
- To keep the records the law requires, such as financial records, and to protect ourselves if a claim is made.
- Your child's medical information is special personal information. We use it only to keep your child safe and to tell a doctor or medical helper what they need to know in an emergency.

Who can see it

- JFLIPS management can see all of it.
- Your child's coaches can see your child's name, age, medical information, your contact numbers and your emergency contact, so they can keep your child safe and reach you in an emergency. They cannot see your signature, email address or billing details.
- The companies that run the services we use to store and send information for us (see below). They may

only use it for that.

- We do not sell your information. We do not share it with anyone else unless the law requires it or a doctor or medical helper needs it in an emergency.

Where it is kept

- Your information is stored in an online database run by Supabase. Its servers are in Ireland, so your information is sent to another country. Our app and website are hosted by Vercel in Cape Town. We use Google Firebase to send alerts to our coaches' phones. These alerts can include a child's name. We only use these companies to run JFLIPS, and only the owner of JFLIPS can open your information there.

How long we keep it

We keep your information while your child is enrolled. When they leave, we move their record to a separate archive that only JFLIPS management can open. We keep it there only for as long as we need it:

- Financial records (invoices and payments): 7 years, because the law requires it.
- Signed forms (the terms, this notice and the photo consent) and injury or incident records: until your child is at least 19, because a claim could still be made until then.
- Everything else, such as contact details, health information and attendance: we delete it within 12 months after your child leaves.

You can ask us how long we keep any record.

Your rights

- You can ask what information we hold about you and your child, and ask for it to be corrected or deleted.
- You can object to how we use your information, or withdraw this consent, at any time by contacting us. We must keep some records by law, and without safety and contact details we may not be able to keep your child enrolled.
- If you feel your information has been mishandled, you can lodge a complaint with the Information Regulator: POPIAComplaints@inforegulator.org.za.

Declaration and signature

I declare that I am the parent or legal guardian of the child or children listed and am competent to give consent on their behalf. I consent to JFLIPS processing my personal information and my child's personal information, including my child's medical information, as described in this notice.

Questions, or want to change your choices? Contact Jeandre Blacquiere on WhatsApp 069 040 3387 or jflipsinc@gmail.com.

- Tick box (locked until the notice has been opened and read to the bottom): I have read and understood this privacy notice, and I agree to it. *

3B. Adult

Privacy notice and consent

In terms of the Protection of Personal Information Act (POPIA)

JFLIPS is the responsible party for your personal information. This notice tells you what we collect, why we collect it, who can see it, where it is kept and what your rights are. Please read it and confirm below.

Who is responsible for your information

- JFLIPS. Our Information Officer is Jeandre Blacquiere. You can reach us on WhatsApp 069 040 3387 or at jflipsinc@gmail.com.

What we collect

- About you: name, date of birth and age, class or team, attendance, and any medical conditions, injuries or allergies you tell us about.
- Contact details: your cell number, email address and signature, and the name and number of your emergency contact.
- Billing: invoices, the amounts owed and whether they have been paid. Payments are made by EFT, so we do not hold card details.
- A record of what you agreed to: which version of each form you saw, and the date and time you signed.

Is giving us your information voluntary?

- Yes. But we cannot enrol you without your details, an emergency contact and your health information, because we need them to keep you safe. Photo and video consent is a separate choice and is always optional.

Why we collect it

- To enrol you and run classes, teams and practices safely.
- To contact you about classes, schedules, emergencies and payments.
- To invoice you and record payments.
- To keep the records the law requires, such as financial records, and to protect ourselves if a claim is made.
- Your medical information is special personal information. We use it only to keep you safe and to tell a doctor or medical helper what they need to know in an emergency.

Who can see it

- JFLIPS management can see all of it.
- Your coaches can see your name, age, medical information, cell number and emergency contact, so they can keep you safe and reach someone in an emergency. They cannot see your signature, email address or billing details.
- The companies that run the services we use to store and send information for us (see below). They may only use it for that.
- We do not sell your information. We do not share it with anyone else unless the law requires it or a doctor or medical helper needs it in an emergency.

Where it is kept

- Your information is stored in an online database run by Supabase. Its servers are in Ireland, so your information is sent to another country. Our app and website are hosted by Vercel in Cape Town. We use Google Firebase to send alerts to our coaches' phones. These alerts can include your name. We only use these companies to run JFLIPS, and only the owner of JFLIPS can open your information there.

How long we keep it

We keep your information while you are enrolled. When you leave, we move your record to a separate archive that only JFLIPS management can open. We keep it there only for as long as we need it:

- Financial records (invoices and payments): 7 years, because the law requires it.
- Signed forms (the terms, this notice and the photo consent) and injury or incident records: 5 years after

you leave, because a claim could still be made during that time.

- Everything else, such as contact details, health information and attendance: we delete it within 12 months after you leave.

You can ask us how long we keep any record.

Your rights

- You can ask what information we hold about you, and ask for it to be corrected or deleted.
- You can object to how we use your information, or withdraw this consent, at any time by contacting us. We must keep some records by law, and without safety and contact details we may not be able to keep you enrolled.
- If you feel your information has been mishandled, you can lodge a complaint with the Information Regulator: POPIAComplaints@inforegulator.org.za.

Declaration and signature

I declare that I am 18 years or older and am competent to give consent for myself. I consent to JFLIPS processing my personal information, including my medical information, as described in this notice.

Questions, or want to change your choices? Contact Jeandre Blacquiere on WhatsApp 069 040 3387 or jflipsinc@gmail.com.

- Tick box (locked until the notice has been opened and read to the bottom): I have read and understood this privacy notice, and I agree to it. *

PART 4: PHOTO AND VIDEO CONSENT (POPIA)

Stays on the form as six Yes/No questions. Saved as its own record (with every earlier answer kept if a parent changes their choices later) and printed in the signed PDF with the answers given.

4A. Parent or guardian

Consent form: photos, videos and social media

In terms of the Protection of Personal Information Act (POPIA)

JFLIPS sometimes takes photos and videos of children during classes, practices and showcases. We would like to use them to promote the sport and show children's progress. A child's photo or video is personal information, and we may only use it with the prior consent of a parent or legal guardian. Please choose below, for each use, whether you give consent. It is voluntary, and a "no" has no effect on your child's place at JFLIPS.

What are you consenting to? (each answered Yes or No, none pre-selected, all required)

1. Photos of my child on JFLIPS's Instagram and Facebook pages
2. Videos of my child on JFLIPS's Instagram and Facebook pages
3. My child's first name with photos and videos (never their surname)
4. Photos and videos of my child on JFLIPS's website (jflips.co.za)
5. Photos and videos of my child in printed material and presentations to schools, such as brochures
6. Recordings of my child during classes for coaching and progress, which are not made public

Your choice here never affects your child's place at JFLIPS.

Photos taken by other people

At competitions and showcases, organisers, other clubs and spectators may take photos and videos. We cannot control what they do with them. If you do not want your child photographed at an event, tell the coach before the event. We will tell the event organiser, and we will not post your child from that event ourselves.

Our promise

- We only use photos and videos to promote JFLIPS and the sport and to show children's progress.
- We do not name a child's surname, address or school with photos and videos, and we do not tag children on social media.
- We only share appropriate and respectful photos and videos.
- We do not sell photos or videos or give them to third parties for their own use.
- We store recordings securely and delete them when we no longer need them or when you ask us to.

Your rights

- You can change or withdraw your consent at any time by contacting us. To change your choices, we will send you the form again to sign. If you withdraw, we will remove the photos and videos from JFLIPS's own pages and website within 7 days. We cannot control content that others have already saved or shared.
- You can ask what information we hold about your child, and ask for it to be corrected or deleted.
- We keep this form and your choices as proof of what you agreed, for the period set out under 'How long we keep it' in the privacy notice.

- If you feel your child's personal information has been mishandled, you can lodge a complaint with the Information Regulator: POPIAComplaints@inforegulator.org.za.

Declaration and signature

I declare that I am the parent or legal guardian of the child named above and am competent to give consent on my child's behalf. I have read and understood this form, and my choices are voluntary.

Questions, or want to change your choices? Contact Jeandre Blacquiere on WhatsApp 069 040 3387 or jflipsinc@gmail.com.

4B. Adult

Consent form: photos, videos and social media

In terms of the Protection of Personal Information Act (POPIA)

JFLIPS sometimes takes photos and videos during classes, practices and showcases. We would like to use them to promote the sport and show progress. A photo or video of you is personal information, and we may only use it with your consent. Please choose below, for each use, whether you give consent. It is voluntary, and a "no" has no effect on your place at JFLIPS.

What are you consenting to? (each answered Yes or No, none pre-selected, all required)

1. Photos of me on JFLIPS's Instagram and Facebook pages
2. Videos of me on JFLIPS's Instagram and Facebook pages
3. My first name with photos and videos (never my surname)
4. Photos and videos of me on JFLIPS's website (jflips.co.za)
5. Photos and videos of me in printed material and presentations to schools, such as brochures
6. Recordings of me during classes for coaching and progress, which are not made public

Your choice here never affects your place at JFLIPS.

Photos taken by other people

At competitions and showcases, organisers, other clubs and spectators may take photos and videos. We cannot control what they do with them. If you do not want to be photographed at an event, tell the coach before the event. We will tell the event organiser, and we will not post you from that event ourselves.

Our promise

- We only use photos and videos to promote JFLIPS and the sport and to show children's progress.
- We do not name your surname or address with photos and videos, and we do not tag you on social media.
- We only share appropriate and respectful photos and videos.
- We do not sell photos or videos or give them to third parties for their own use.
- We store recordings securely and delete them when we no longer need them or when you ask us to.

Your rights

- You can change or withdraw your consent at any time by contacting us. To change your choices, we will send you the form again to sign. If you withdraw, we will remove the photos and videos from JFLIPS's own pages and website within 7 days. We cannot control content that others have already saved or shared.

- You can ask what information we hold about you, and ask for it to be corrected or deleted.
- We keep this form and your choices as proof of what you agreed, for the period set out under 'How long we keep it' in the privacy notice.
- If you feel your personal information has been mishandled, you can lodge a complaint with the Information Regulator: POPIAComplaints@inforegulator.org.za.

Declaration and signature

I declare that I am 18 years or older and am competent to give this consent for myself. I have read and understood this form, and my choices are voluntary.

Questions, or want to change your choices? Contact Jeandre Blacquiere on WhatsApp 069 040 3387 or jflipsinc@gmail.com.

PART 5: SIGNATURE AND WHAT THE PARENT RECEIVES

Signature box: "One signature covers everything above: the Terms and Conditions, the privacy notice and the photo and video choices you made." The parent signs once, with a finger or a mouse.

Button: Complete Registration. Small print: "By pressing the button you confirm what you have ticked and signed above. A signed PDF of each form will be available to download."

Thank-you page: "[child] has been registered. We will be in touch shortly regarding class assignment." (Adult: "You are registered. ...") For ages 2 to 4: "Remember, an adult needs to stay at the venue for the whole class." For everyone: "To change your photo and video choices, message us on WhatsApp 069 040 3387 and we will send you the form again." Then one button, "Download Signed Forms (PDF)".

The family's personal link (families who sign through a link instead of the sign-up page): once a form is signed, the link shows it read-only: the date signed, the version and the answers given. It cannot be changed or withdrawn from the link. The text says: "To change your photo and video choices, message JFLIPS on WhatsApp 069 040 3387 and we will send you the form again." The owner presses "Reopen photo form" in Setup, sends the link again, and the family signs again. The earlier answers are kept.

What the signed PDF contains: details of the child, parent, emergency contact and health answer; the Terms and Conditions with the two confirmations; the privacy notice with its confirmation; the photo and video consent with every Yes/No answer given (and any earlier answers); the one signature with the date and time; and a table of the version of each document that was signed. The footer of every page shows the three version numbers.

Required before the form will submit: every field marked *, the health answer, both Terms ticks, the privacy tick, a Yes or No on every photo use, and the signature.

PART 6: HOW JFLIPS WORKS

Sources: the app code, the database scripts in the repository, and a read-only look at the live Supabase project (database policies and edge functions) on 12 October 2026. Where a fact comes from the owner and cannot be seen in the app, it says so.

6A. Coaches

Stated by the owner; the app cannot confirm any of this.

- Coaches are independent contractors. There are no written agreements.
- Class dates are not fixed. A coach agrees to coach certain classes and is paid per session.
- A coach is free not to turn up. When that happens another coach covers, or the class is cancelled. The owner cannot compel attendance.

What the app does: a coach asks to join through the app and the owner approves them. A coach logs the sessions they coached, and a payslip is produced per session.

6B. What coaches can see, and how the database enforces it

A coach does not read the children's table directly. The app asks the database for a roster through a function that removes the private fields before anything reaches the coach. The database refuses direct reads. Tested on the live database with a simulated coach on this date (the test was rolled back).

What	Can a coach see it?	How it is enforced
Child's name, age, class, medical notes, parents' names and phone numbers, young-athlete details (who collects, adult at the venue)	Yes	Function coach_roster() (tighten_access.sql). It only answers for an approved coach of that owner who is allowed to see tumbling clients.
Emergency contact given at sign-up (new)	Yes	coach_roster() now adds the emergency contact (form_changes_oct2026.sql). It is shown in the coach athlete view under "Emergency contacts", after the parents. The signed record it comes from stays hidden. Children who registered before this form have none.
Signature image	No	coach_roster() removes signature_data.
Parent's email address	No	coach_roster() removes parent1_email.
Date of birth	No	coach_roster() removes dob and gives age and a "parent must stay" flag instead.
The signed record (relationship, authority tick, which ticks were given)	No	coach_roster() removes indemnity_record.
Custom rates for a child	No	coach_roster() removes custom_group_rate and custom_private_rate.
Direct reads of the children's table	No	Live policies on tumbling_students: tumbling_owner_all (owner only), tumbling_students_coach_insert (a coach can add a child, not read or change one), tumbling_students_public_signup_insert (the public sign-up page can add a child). There is no read or update rule for coaches.

Class list and prices	Names only	Function coach_classes() removes the price. Table class_types is owner only (class_types_owner_all).
Invoices, payments and billing	No	payments (payments_owner_only), history (history_owner_only), archived_sessions (archived_sessions_owner_all): owner only.
Bank details	No	owner_profiles (owner_manages_own_profile): owner only.
Signed privacy and photo records	No	consent_records (consent_owner_all): owner only.
Old athletes archive (new)	No	old_athletes (old_athletes_owner_all): owner only. The test showed a coach sees no rows.
A coach's own payslips and invoice snapshots	Own only	invoice_snapshots_self (coach_id = the coach); staff_payslips policies.
Other coaches	Names only	Function coach_directory() returns names and usernames only.
Injury and incident reports	Yes	incident_staff_select lets a coach read them and incident_staff_insert lets a coach add one.
Cheer team athletes	Yes, the whole row	team_athletes_coach_read. This table is separate from tumbling clients and is not covered by coach_roster(). Not reviewed. See Suggestions.

Confirmation for the privacy notice sentence ("They cannot see your signature, email address or billing details"): from the repository scripts and the live policies, a coach cannot see a tumbling client's signature, email address or billing details. The cheer team athletes table in the second-last row is the exception to check.

6C. Every outside service the app still talks to

Removed on this date: Discord (trial-athlete and billing messages), and Google sign-in, Google Calendar and Google Sheets. The code was deleted, together with the Firebase, Google APIs and Google AI packages that only these used. The browser no longer stores Google tokens. The Netlify build file was deleted (the site is not on Netlify).

Service	What personal information goes to it	Where it is hosted
Supabase	Everything: children, parents, health answers, emergency contacts, signatures, invoices, consent records, the old athletes archive, coach accounts and logins.	Ireland (confirmed by the owner).
Vercel	Hosts the app and website. It handles requests from every visitor (including the sign-up page). The database content does not pass through it.	Cape Town (confirmed by the owner).
Google Firebase Cloud Messaging (alerts only)	The text of each alert sent to the owner's phone. These can include: a child's name (new sign-up, new cheer registration, trial-athlete follow-up), a coach's name and email (a coach asks to join), a coach's name with a class name and attendance count (session logged), and counts and amounts of unpaid invoices. They do not include phone numbers or a parent's name.	Google.
Google Fonts	Every page load, including the sign-up page, asks Google for the Inter font, so the visitor's address is sent to Google. This is the one remaining Google service besides alerts.	Google.
Cloudflare cdnjs	Only when the owner prints a registration from before the Terms 4.0 wording: the app loads a PDF library from cdnjs at that moment. No personal information is sent.	Cloudflare.

WhatsApp	When the owner presses a message button, WhatsApp opens with the text typed in (names and phone numbers). The app does not send it.	WhatsApp.
Resend (email)	Nothing. See below.	Not in use.

Resend and other email code. Checked live on this date: the Supabase project has two edge functions, send-push-notification and send-login-notification. The function send-staff-email, which the app's Resend code calls, is not deployed, and there is no RESEND_API_KEY secret. So the Resend code cannot send anything: the two places that call it only log a warning. It is still in the repository: supabase/functions/send-staff-email/index.ts, a call in App.tsx (coach sign-up) and a call in src/Pages/Setup.tsx (coach approval). Nothing was deleted in this round.

send-login-notification. This edge function is deployed in Supabase but is not in the repository, and nothing in the app calls it. The owner knows about it and has asked for it to be left in place. Its code was not read.

6D. What the form promises that needs a process

Promise	What the app does today
When a child leaves, their record is moved to a separate archive only management can open	Automatic. Removing a child copies the record to the Old athletes archive first, and only then deletes the live record. If the copy fails, nothing is removed. A trial athlete (who has signed nothing) is simply deleted.
Delete everything else within 12 months of leaving	Manual, with a reminder. Each archived child shows the date from which their other details can be deleted, with a red "Details due" tag once it passes. Once a month the owner also gets a notification (in the app and on the phone, with no names) saying how many are due. The owner presses "Delete other details". Nothing deletes automatically.
Remove photos and videos within 7 days of withdrawal	Manual. A family tells JFLIPS (WhatsApp). The owner presses "Reopen photo form" and sends the link; the family signs again with their new answers, and the earlier answers stay in the record's history. The app does not alert the owner when a family asks, and there is no 7-day timer. Taking posts down on Instagram, Facebook and the website is done by hand.
Keep financial records for 7 years	Kept by default. Invoices and payments are not touched when a child is removed and nothing deletes them automatically. Nothing tracks the 7 years.
Keep signed forms until a child is at least 19 (an adult: 5 years after leaving)	Kept, with a date. The signed Terms, signature, privacy and photo records and a saved PDF of the signed forms move to the archive with the date to keep them until (the 19th birthday, or 5 years after an adult leaves). The owner can still choose "Delete everything" early, but is warned first.
Keep injury and incident records for the same period	Kept by default. Incident reports stay in their own table and are not moved with the child. Nothing deletes them or tracks the period.
"You can ask us how long we keep any record" and requests to see, correct or delete information	No process in the app. The owner handles requests by hand.
Attendance and billing history	Past invoices and monthly history can still contain a removed child's name. They are financial records and stay for 7 years.

Promises in the enrolment terms, for completeness:

Promise	What the app does today
You are only charged for classes attended; a cancelled class is not charged	Automatic. Invoices are built from the attendance register, so a class that did not happen or a child who did not attend is not billed.

A child may not train if an invoice is unpaid one month after it was sent	Nothing. The app tracks whether invoices are paid but does not stop a child attending, and no message goes to the owner when an invoice reaches one month. Manual.
30 days' notice before fees change; notice of changes to times or venues	Nothing. The owner tells families by hand. Manual.
An injury or incident is recorded and the parent is told the same day	Half. There is an incident log. Telling the parent is manual.
Late collection: a coach stays, phones the parent and emergency contact	Partly. Coaches can now see the emergency contact. Everything else is manual.

PART 7: QUESTIONS FOR THE LAWYER

1. Risks (Terms section 2): head, neck and back injuries are described as serious and, in rare cases, permanent. Must the word "death" appear?

2. Responsibility (Terms section 3): please check this clause directly. It excludes responsibility except for gross negligence or a deliberate act.

3. Opening declaration: "hereby indemnify" was replaced with a confirmation that the child is fit "as far as I know". Is that the right operative wording?

4. Parents who are separated or divorced: is one parent's signature enough?

5. Emergency treatment (Terms section 1): is the authority to arrange emergency medical help, with the signer accepting the cost, worded safely?

6. One signature covers the Terms, the privacy notice and the photo consent, which are also kept as separate records with their own ticks and answers. Is that acceptable?

7. Families who signed the older wording: must they sign the new documents, by when, and what happens if someone does not sign? Can they keep attending?

8. The privacy notice says coaches cannot see signatures, emails or billing details. Please confirm you are happy for us to publish that.

9. Unpaid accounts (Terms section 7): the child may not train if an invoice is unpaid one month after it is sent, unless the parent has spoken to us. Is this fair and enforceable under the Consumer Protection Act, and does it need a notice before suspension?

10. Late collection: a coach stays with an uncollected child and phones the parent and emergency contact. Is any safeguarding wording needed, since the coach may then be alone with the child?

11. A subscription plan is planned for January. Should it be a separate optional agreement, so adding it does not change the terms existing families have signed? What cancellation notice is appropriate under the Consumer Protection Act?

12. Retention periods in the privacy notice: financial records 7 years; signed forms and injury or incident records until a child is at least 19, or 5 years after an adult leaves; everything else deleted within 12 months. Are these right?

13. Photos taken by others at competitions: we tell the organiser and do not post that child ourselves. Is that wording enough?

14. Overseas processing: Supabase servers are in Ireland, Vercel is in Cape Town and Firebase sends alerts. Is the wording enough? Do we need operator agreements with these providers?

15. Coaches: they are contractors with no written agreement, no fixed schedule and per-session pay, and they can decline classes. Please advise on classification, the agreement they need and the POPIA terms for coaches who see children's medical information.

16. Venue: what should the Muldersdrift Primary agreement say about late collection, first aid and a coach waiting with a child?

17. Insurance: JFLIPS has no public liability insurance yet. Should the form go live before it does?

18. Changing or withdrawing photo consent: a signed form cannot be changed from the family's link. The family contacts JFLIPS, JFLIPS reopens the form and sends it again, and photos are removed within 7 days of a withdrawal. Is it acceptable that a withdrawal needs a message to JFLIPS rather than a button, given that withdrawing should be as easy as giving consent?

19. Emergency contacts: the person named as an emergency contact has not signed anything, and coaches can now see their name and number. Is the line in the privacy notice enough, or must the signer

confirm they have that person's permission?

20. Enrolment terms (Terms section 7): the owner wrote a first draft and would like your help with the wording of the whole section, including how unpaid accounts, weather cancellations, absences and removal from classes are put.

PART 8: SUGGESTIONS (noticed, not changed)

Nothing below was changed. Each is for the owner and the lawyer to decide.

Services

1. **Google Fonts is the last Google service besides alerts.** Every visitor's address goes to Google when a page loads. The font can be stored with the app instead, which would remove it. This needs a decision because it adds a font package.

2. **Resend code is dead** (list in Part 6C). The function is not deployed and there is no key, so it does nothing. The function file and its two calls can be deleted.

3. **Child names in alerts.** The notice says alerts can include a child's name. Taking names out of the alert text would let that sentence go.

4. **Adult wording I adjusted.** The alert sentence reads "These alerts can include your name." for adults, because the instruction said to adjust it to who the alert is about.

Records and PDFs

5. **Version labels were reused.** The privacy notice label "1.0-draft" was used for three different wordings before it was bumped. A record stamped 1.0-draft cannot be tied to one wording. The app keeps the last of the three. A rule that every wording change bumps the version would prevent this.

6. **Terms 2.0-draft and 3.0-draft records.** The owner's re-print for these shows only the original short declaration, not the clauses the parent saw on screen. It is not a faithful copy. The PDF the parent downloaded at the time is.

7. **Trial athletes are deleted, not archived.** They have signed nothing, so nothing is kept. If a trial athlete's parent gave a phone number, it is gone at once.

8. **Archive and shared families.** The privacy and photo records move to the archive only when they belong to that child alone (their key is the child's id). A record shared by several children stays where it is.

9. **Team (cheer) athletes also go to Old athletes** when removed. They have no signed forms, so only the 12-month details date applies.

10. **No alert when a family asks to change photo choices.** They message the owner on WhatsApp, which the app cannot see, so the 7-day promise depends on the owner acting.

Safety and access

11. **Cheer team athletes.** Coaches can read this table directly (team_athletes_coach_read), outside the function that hides private fields. The notice sentence about coaches is about tumbling clients.

12. **Public sign-up rules.** The sign-up pages work because the database lets anyone with the public key add a row (tumbling_students_public_signup_insert, cheer_registrations_public_insert, notifications_public_signup_insert). No limits on how often were seen. This is by design but worth knowing.

13. **Privacy tick lock** applies to the sign-up page only. The personal consent link page (for existing families) does not lock the privacy tick.

14. **Personal consent links** use a long random code. Anyone holding the link can open that family's consent page. This is by design.

The cheer sign-up form (not changed)

15. The cheer form (SignupCheer.tsx) does not use the Terms, privacy notice or photo consent. It has no signature and no indemnity. It asks for the athlete's name, date of birth, medical conditions, emergency contact, and the parents' names, phone numbers and email. It has three tick boxes: "I confirm the

information supplied is correct", "I understand that this registration is an expression of interest only and does not guarantee placement on a team", and "I consent to JFLIPS storing my information for athlete management purposes". It saves to the cheer_registrations table, which only the owner can read. Anyone with the public key can add a row. It sends an alert containing the athlete's name.
